

# The TASI Flow Experts

Providing High-class Flow Solutions  
for Energy and Process Control

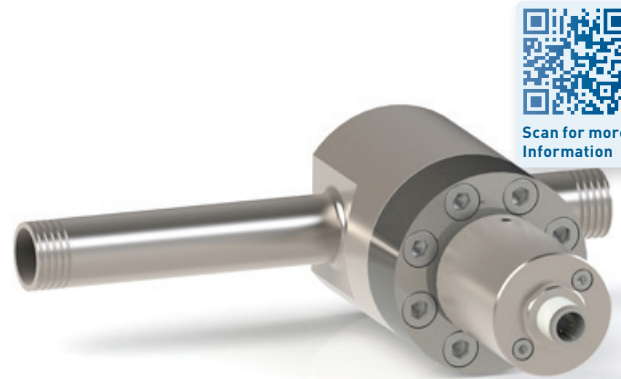

**Litre Meter Ltd. is a Manufacturer of Rotary Piston Flow Meters dedicated to the challenging Chemical Injection Industry.**

**We have 40 Years' Experience Supplying Chemical Injection Flow Meters Worldwide.**

#### **Rotary Piston Flow Meters**

Process Control for High Pressure Low Flow  
Chemical Injection in Oil Exploration

#### **Pelton Wheel Flow Meter**

Process Control for Low Pressure Applications  
in Oil Exploration

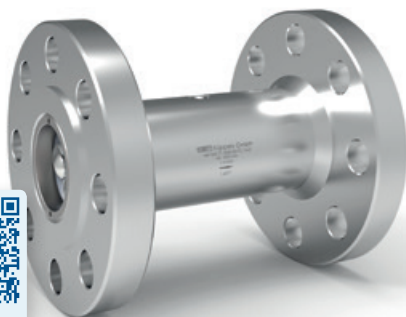

Küppers Elektromechanik GmbH

**KEM Küppers Elektromechanik GmbH**  
[www.kem-kueppers.com](http://www.kem-kueppers.com)

**KEM is a German Manufacturer with 50 Years of Experience for Customized Flow Solutions.**

**Our DAkkS certified Calibration of Flow Meters offers improved Accuracy of 0.05% for Mass Flow (DIN EN ISO/IEC 17025:2005).**

#### **High Pressure Turbine Flow Meters**

Valve Positioning Control via Hydraulic Low Flow  
Measurement in Oil Exploration

#### **Gear Flow Meters**

Process Control for Semi High Pressure Low  
Flow Chemical Injection in Oil Exploration

TRICOR® Coriolis Technology  
[www.tricorflow.com](http://www.tricorflow.com)

**TRICOR® Coriolis Technology Products were designed and engineered in Germany, the United States and Switzerland with 30 Years of Expertise.**

**Our State-of-the-Art Manufacturing Facility in Germany is equipped with superior Calibration and Test Equipment that guarantees Performance that exceeds Customer Expectations.**

**TRICOR® Coriolis Mass Flow Meters**

Efficiency Optimisation in Fuel Oil Furnaces for Power Generation

**TRICOR® Coriolis Mass Flow Meters HP**

Partnering with Clean Energy Concepts for High Pressure Hydrogen Fuel Stations

Vögtlin Instruments AG  
[www.voegtlin.com](http://www.voegtlin.com)

**Vögtlin is a Swiss Designer & Manufacturer of High-precision Digital Mass Flow Meters & Controllers for Gases based on latest MEMS Sensor Technology.**

**We provide innovative Products & Solutions for Measuring and Control Tasks for OEM, Scientific and Industrial Customers.**

**Digital Mass Flow Meters & Controllers**

High-precision Gas Flow Meters and Controllers for Pharmaceutical, Biotech and Life Science Applications

**Battery Powered Digital Mass Flow Meters**

Compact Flow Meter with Battery Power and Backlit Touch Display for great Flexibility. Measure Multiple Gases with one Device!

# The TASI Flow Experts

## A Strong Global Flow Solution Network

The **TASI** Group of Companies is comprised of three technologically advanced strategic business segments commonly linked by a disciplined focus on Test, Inspection and Flow Measurement.

**TASI Flow** products are designed, developed, customized and serviced through technical centers in the US, China, Switzerland, Germany and UK. Strategically located calibration centers in Europe, Asia and the US allow us to provide full service and application expertise next to the customers door.

Take advantage of our strong **Global Flow Solution Network** with competence in a diverse lineup of flow measurement technologies.
